

## **Bobcat Weapons Semi-Automatic Firearms**

The BW5 FS and the BW89 PDW is a semi-automatic version of the primary firearm used by the FBI's Hostage Rescue Team, SWAT Units, and other world-class counter-terrorist organizations. It is considered one of the best Personal Defense Weapons (PDW) available for close quarter situations.

The BW5 and BW89 series is blowback operated with a stationary barrel and delayed roller lock bolt system. It fires in semi-automatic mode from a closed and locked bolt position. Together, these operational features make it a repeatable and therefore accurate semi-automatic rifle. Cartridges are fed either from a 10, 15, 20, 30 round or 40 round magazine.

The superior quality and unsurpassed reliability of this firearm make it exciting to shoot and a must for any collection.

### **Lifetime Warranty**

The firearm has a lifetime warranty for parts and labor. Fit and finish unrelated to firearm performance, is excluded from warranty. Normal wear and tear is excluded from warranty. Bobcat Weapons Inc. will activate the Warranty upon receipt of an accurately completed Owner's Warranty Activation and Safety Awareness form within ten (10) business days of the sale.

The Warranty is null and void under the following conditions:

- Abuse, willful damage or damage that arises from the use of the firearm for any purposes other than its intended purpose.
- Modification or alteration other than by Bobcat Weapons Inc. or a Bobcat Weapons Inc. certified armorer.
- Improperly performed repair. It is recommended that Bobcat Weapons Inc. perform all repairs.
- The use of ammunition other than factory commercial 9 x 19mm (9mm Parabellum or 9mm Luger) made to SAAMI or NATO specifications. All other ammunition voids the warranty in its entirety.

The Warranty is transferable. The new owner (transferee) must accurately complete an Owner's Warranty Activation and Safety Awareness Form and return it to Bobcat Weapons Inc. in order to activate the Warranty for the new owner (transferee).

Please refer to <http://www.bobcatweapons.com> for complete details of the warranty, especially the firearm owner's responsibility under the warranty.
